

FALL 2021 | HEALTH & SAFETY PLAN

ACTION	PURPOSE & EXPLANATION
Closing the lobby	<p><u>OUR LOBBY</u> will be closed to anyone that is not a dancer.</p> <p>Parents dropping off any dancers ages 3-5 years old will be kindly asked to bring their dancer to the door/pick up from door. No waiting in the lobby while they are in class.</p> <p>We ask that all dancers arrive ON TIME (not early) for class and wait in their vehicles or lined up outside until one of our team members comes out to invite you into the studio. We ask that dancers remain socially distanced while outside of the studio.</p>
Extra sanitisation practices	<p>We will be sanitizing all bars, mats, balls & other props before and after each use.</p> <p>The studios will be cleaned daily (as always) but we will be taking extra precautions to ensure that every surface is properly sanitized.</p> <p>Our front desk staff will ensure that doorknobs and high traffic surfaces are sanitized at every class turnover.</p>
Encourage the reduction of bathroom usage	<p>We ask that bathroom breaks are limited and if possible, for our dancers to use the bathroom before coming to the studio.</p>
Hand sanitizing before and after class	<p>We ask that all dancers sanitize/wash hands before and after class. We have two hand sanitizer stations in the studio. One at the lobby entrance and another at the hallway entrance.</p>
NO SYMPTOM POLICY	<p>If your dancer or anyone in your home is experiencing any COVID-19 symptoms including fever, chills, cough, shortness of breath, sore throat and/or painful swallowing we ask that you STAY HOME until no symptoms are present.</p>
PPE	<p>Masks are mandatory in common areas for dancers ages 12+.</p> <p>Masks are optional for dancers once in their classroom.</p> <p>Teachers will be wearing masks.</p>
